TOTAL PROJECT  
BUDGET:

**4.18 M €**

INCLUDING AN  
ERDF BUDGET OF:

**2.51 M €**

As part of the University of Portsmouth's Solar Living Laboratory, a facility that has been built through the SOLARISE project, a bank of three Tesla Powerwall 2 batteries with a total capacity of 40.5 kWh has been installed in the Future Technology Centre. The batteries will help make the most of the energy that is generated by the solar photovoltaic modules on the roof and windows of this building.
